### 25<sup>th</sup> India conference of 'WAVES'

in collaboration with

Central Sanskrit University

(Formerly Rashtriya Sanskrit Sansthan),

Shri Raghunath Kirti Campus, Devprayag, Uttarakhand

on

'The Concept of Liberty and Equality in the Vedic Perspective'

वैदिक परिप्रेक्ष्य में स्वतन्त्रता एवं समानता की अवधारणा

Dates: 10, 11 & 12 December, 2021

Through: ZOOM CLOUD MEETING

### INTERNATIONAL CONFERENCE WAVES 2020

#### IMPACT OF VEDIC WISDOM ON THE WORLD TODAY

#### 24<sup>TH</sup> INDIA CONFERENCE OF WAVES & 14<sup>TH</sup> INTERNATIONAL CONFERENCE OF WAVES INTERNATIONAL, 2020

'Impact of Vedic Wisdom on the World Today' was the theme of this year Waves conference. This was the 14th in the series of bi-annual conferences for WAVES International, and the 24th in the series of annual conferences for WAVES India organised on Dec. 25, 26 & 27, 2020 and Jan. 1, 2, 3 & 31, 2021. This joint conference was in collaboration with SVYASA, Bengaluru and sponsored by Hindu Students Council, USA.

The conference concluded in three phases and had utilized a virtual online format, which was a first for WAVES. It was attended by over 600 remote attendees, which is quite a bit more than in person at WAVES conferences. There were about 100 academic papers presented by scholars from various disciplines in 21 sessions. The papers were delivered in Sanskrit, Hindi, Kannada, and English languages.

WAVES conference 2020 was inaugurated on December 25<sup>th</sup>, 2020 with Vedic invocation and WAVES Kulgeet. Inaugural session was graced by the following guests—Professor Ramesh C. Bharadwaj, Head, Sanskrit Dept, Delhi

**Editorial**

With immense pleasure we present the 22<sup>nd</sup> issue of the WAVES Newsletter, showcasing all the activities of WAVES field from June, 2020 to July, 2021 presenting glorious reflections of WAVES.

WAVES is continuously spreading the divine knowledge of Vedas since 1997. It connects persons of different interests on one forum to help to get the true goal of life. This is WAVES's 25<sup>th</sup> year and we are celebrating its silver jubilee. Audio of musical *Kulgeet* is composed professionally and a video of WAVES activities is likely to be released in the annual conference held in Dec., 2021.

Due to pandemics, people were stuck at homes but online lectures, deliberations and discussions were done without any long break in our association. From April, 2020 to Dec, 2021 all activities are organized in virtual mode. We organized a six days WAVES annual conference in collaboration with WAVES International and a number of programs and lecture series during this year. Reports of a few programs are included here. Our forthcoming conference is virtual too on the theme 'The Concept of Liberty and Equality in Vedic Perspective' keeping in mind the current Amrit Mahotsava of national Independence.

Unfortunately during this period we lost our six active life members who departed for heavenly abode. Prof. Bhu Dev Sharma ji would always be remembered as WAVES Founder President. We wish to sum-up with the famous Shanti-mantra of Ishavasya Upanishad-

*"Purṇasya purṇamādāya  
purṇamevavāśhiṣyate"*

which means that after taking out the *purṇa* from the *purṇa*, all that remains is the *purṇa*.

—Shashi Tiwari (Chief Editor)

**THE EDITORIAL BOARD**

Dr. Ranjit Behera

Dr. Aparna Dhir Khandelwal

Dr. Kamna Vimal Sharma

**INDIA CONFERENCE**

University & Director, Gandhi Bhawan, University of Delhi; Dr. Meera Dwivedi, Associate Prof., Sanskrit Department, University of Delhi; Prof. Bhaskarnath Bhattacharyya, Director, SVS, Rabindra Bharati University, Kolkata & Vice-President, WAVES, India; and Dr. B.R. Ramakrishna, Vice Chancellor, S-VYASA University, Bengaluru. The conference started with an introduction by Prof. Shashi Tiwari, President, WAVES, India and Welcome Address by Shri Dhru Shah, Director & Treasurer, WAVES International, Atlanta, USA. E-souvenir (*Smarika*) of WAVES 2020 and recently released books by WAVES members—Prof. Bal Ram Singh, Prof. Shashi Tiwari, and Dr. Anita Khurana were also released in the Inaugural session.

This 7 days conferences had 10 academic sessions, 3 special sessions, 3 panel discussions and 1 youth session along with inaugural & valedictory sessions. Research papers presented by professors, college teachers, research scholars and high school students were based on Vedas to extract learning in the areas of Hydrology, Plant biology, Health and wellbeing, Music therapy, education, astrology, morality, consciousness etc.

Few of the keynote speeches by Vedic scholars of international repute are worth mentioning such as Padma Shri **Dr. Subhash Kak** delivered talk on 'The Challenges that faced the Study of Ancient India' said that ancient Indian principles are distorted first by westerner academicians. But now its damage is done by some modern Indian scholars also due to many reasons.

INDIA CONFERENCE

Today, we see, that Indian research standard is going from low to lower side. Padmabhushan, **Dr. David Frawley** from USA talked on ‘*Relevance of Vedantic Knowledge for Coming Century*’. He said, ‘As mind consciousness too has many levels. Like mind we don’t know much about consciousness. Modern equipment cannot help to know it. Though meditation we can reach up to Self-realization. Meditation works like a mirror where Self can reflect. Thus we can go to inner essence beyond body and mind. Veda is knowledge and Yoga is its practice. Apart from this, **Dr. Melukote Sridhar**, Registrar, SVYASA delivered an informational finding on his research on ‘*The concept of Rtam (cosmic law/order) as described in the Rig Veda and the Upanishads*’. While delivering talk on ‘*Transcendence: Blissful Living through Reading Vedic Literature*’, **Dr. Anil Maheshwari** of Maharishi University of Management, Iowa, gave a very informative talk on Transcendental Meditation and its various benefits. **Dr. Raj Vedam** of Houston delivered the results of his research on the various Purana stories, and how they relayed important scientific concepts in many scientific fields like evolution, astronomy, astro physics, etc., that were way ahead of their time. **Dr. S. Rammohan & Dr. S. Kalyanaraman** from Chennai talked about the ‘*Formation & Essential Unity of Bhāratīya Bhāṣā*’. **Prof. Narayanan Komerath**, Director, Board, WAVES International, & Former Professor of Aerospace Engineering, Atlanta narrated his vision on ‘*A Technology Countdown Approach to Historical Timelines*,’ and **Shri Jeffrey Armstrong (Kavindra Rishi)**, Founder of Vedic Academy of Sciences & Arts (VASA), Vancouver, Canada discussed his views on ‘*Decolonizing the Gita: English Words that Undermine Sanatan Dharma Culture that Need to Go*’.

In panel discussions, there were discussions on ‘*A Discussion on Understanding Ayurveda*’, ‘*A Discussion on Vedic Chronology*’, and ‘*वसुधैवकुटुम्बकम् इत्यस्य अध्यन्तर्जालंकोरोणा— कालेऽन्वर्थता*’. Ayurveda panel was composed of five top experts from the field namely—Dr. CM Achyuta, Dr. Parixit Shevde, Dr. Madhuri Patil, Dr. Aniruddha Joshi, Mitra Desai, and

was moderated by Shri Nilesk Oak, Director, Board, WAVES International. This panel discussion was centred on discussing factual information on Ayurveda while pointing out some common misunderstandings about the field. The foundational role of Ayurveda in modern medicine was discussed, along with future possibilities. Chronology panel was moderated by Prof. Bal Ram Singh, Director, WAVES International and have discussion done by Er. Nilesk Nilkanth Oak, Arun Kumar Upadhyay, Dr.S. Kalyanaraman, Prof. Narahari Achar. They all shared their views on of Chronology of the Vedic timelines, a field of study that has seen a huge number of new information come to light, which has the potential to significantly change the field of historical timelines, and bring about a totally new understanding of the historical events of the past, especially for the Vedic events. The last panel was in Sanskrit language having young panelists from Sanskrit background.

All these panel discussion sessions and keynote speeches had a very lively Q and A session followed after. Also, there was good participation from the audience which brought up some additional good information on the topics, and raised some thought provoking questions. Apart from pure Sanskrit-texts research based papers, few papers were presented by scientists those were focused on interdisciplinary research approaches. Such as—

‘*World Water Challenges and Remedies by Integrating Modern Technologies with Vedic Wisdom*’ by Prof. Ram Gopal, Jodhpur; ‘*Was there Cognition before the Big Bang?*’ by Sanjeev Prasad, Delhi; ‘*The Creation of the Universe and the Origin of Life in Vedic Hymns—A Scientific Analysis*’ by Dr. S.P.S. Chauhan, Delhi; ‘*Plant Biology Knowledge Revealed in the Veda- Saṃitās, Brāhmaṇās, Āraṇyakās and Upaniṣads*’ by Dr. Raghava Boddupalli, Bangalore; ‘*Revisiting Eternity And Universality of Elements of Basic Goodness in the Context of Indian Philosophy : Sanatana Dharma*’ by Dr. R.S. Kaushal, Delhi; ‘*Hydrotherapy Practices in Ancient India*’ by Dr. Sujatha KJ & Dr. Manjunath NK Bangalore to name few.

The sessions were chaired by eminent scholars like Prof. Bhaskarnath Bhattacharyya, Director, SVS, Rabindra Bharati University, Kolkata & Vice-President, WAVES, India; Professor Bhu Dev Sharma, Mathematician and Founder President, WAVES; Prof. R.P. Singh, Department of Philosophy, Jawaharlal Nehru University, Delhi; Prof.

Lallan Prasad, Former Dean, Business Economics, Delhi University; Prof. Narayanan Komerath, Former Professor of Aerospace Engineering, Atlanta, Georgia (USA); Prof. Bal Ram Singh, Director, WAVES International & Director, Institute of Advance Sciences, Dartmouth, MA, USA; Prof. Naval Kishore Bhabhra, Head, Hindi, Govt. College, Ajmer; Prof. (Dr.) Ram Gopal, President, WAVES, Jodhpur, Raj. Chapter; Director, DRDO; Dr. Anil K. Maheshwari, Prof. of Management, Maharishi International University, USA; Shri Dhiru Shah, Director & Treasurer, WAVES International, Atlanta, USA; Dr. Chand Bhardwaj, Scientist & Technologist, Delhi; and Professor C.L. Prabhakar, Director, Nadaveda Adhyayana Kendra, Bengaluru. The sessions were well coordinated by co-chairs and young moderators.

With the valedictory address on *'Pluralistic Perspective on Toleration in Religions: A Philosophical Reflection'* by Prof. Raghwendra Pratap Singh, Centre for Philosophy, JNU, Delhi the valedictory session on January 3rd, 2021 started. Apart from Shri Jeffrey Armstrong, Founder of Vedic Academy of Sciences & Arts (VASA), Vancouver, Canada and Dr. Manjunath N.K., Director of Research &

International Affairs, S-VYASA University, Bengaluru; Prof. (Dr.) Diwakar Sukul, CPsychol, Chartered Clinical Psychologist; The Kamkus Clinic, Harley Street from London, UK was the Guest of honour in the session. In this session, Prof. Bal Ram Singh, Scientist & Director, INADS, USA gave a visionary presentation on *'WAVES Looking Ahead'*.

The phase 3 of WAVES 2020 comprised of 23 papers all researched and presented by younger researchers. Few of the presentations are like *'Kanyadaan : A feminist ritual or a noble tradition?'* by Sansdhitaa Anand, Texas; *'Salvation vs Moksha/Liberation—Differing beliefs by different religions about ways of attaining the ideal end state. A comparative analysis'* by Vishal Thyagarajan, Texas; *'Punarjanam—What happens after death? Depends on who you ask. A comparison of how different philosophies regard events after death'* by Sangkarshan Singh, Texas to mention few. *'Artificial Intelligence and how it will affect India and its civilization in a big way'* by Mr. Rajiv Malhotra of the Infinity Foundation gave the keynote speech in this session. The virtual conference continued for 7 days via Zoom, and telecasted live on WAVES Facebook, YouTube, and other social sites. Conference was enthusiastically attended by many learned and young scholars from different parts of the India and USA.

Under the esteemed guidance of conference coordinators Shri Sashi Kejriwal, President, WAVES International and Prof. Shashi Tiwari, President WAVES, India the conference concluded on a successful note.

**TRADITION OF GURU AND SHISHYA IN INDIAN CULTURE**  
**A SYMPOSIUM TO CELEBRATE GURU PURNIMA**

On the above topic a symposium was successfully organised by WAVES India on Guru Purnima, 5th July 2020. Invocation was done by **Dr. Karuna Arya** and introduction was done by **Dr. Dhananjay Acharya**.

**Dr. Ranjeet Bahera** explained the importance of this tradition in ancient Indian education procedure.

**Dr. Karuna Arya** said that both teacher and student depend on each other. Dr. Poonm Ghai stated that now a days online teaching is giving a new dimension to education system.

**Dr. Rishiraj Pathak** explained that Vedic *mantra-path* has a role not only in remembering but also in preservation.

**Dr. Harikrishna Shastri** emphasized that traditional education policy cared for the protection of our knowledge systems.

**Shri Dharendra Shah** said that ancient education policy was open design where student can ask any question to the teacher.

**Prof. Bal Ram Singh** described that in ancient days teachers were not only teaching but they were very serious that through their teaching students should understand the concepts clearly.

In Presidential remarks, chairperson **Dr. Shashi Tiwari** called Guru Purnima as Vyas Purnima. Vyas, the great Guru is connected with Vedas, epics and Puranas.

Importance of Guru is variously. Guru is the only person who desires his defeat from his student.

With lively discussion, the program concluded with Shanti paath.

**SANSKRIT DIWAS**  
*Organized by*

**AMITY CENTRE FOR SANSKRIT AND INDIC STUDIES, AMITY SCHOOL OF LIBERAL ARTS, AMITY UNIVERSITY OF HARYANA AND WAVES**

A National webinar on the occasion of Sanskrit Diwas was organized by Amity Centre for Sanskrit and Indic Studies, Amity School of Liberal Arts, AUH in collaboration with Wider Association for Vedic Studies (WAVES) on 6<sup>th</sup> August, 2020. Prof. P.B. Sharma, Vice Chancellor, AUH, Prof. Ramesh Kumar Pandey, Vice Chancellor, S.L.B.S. Central Sanskrit University. Prof. Mahavir Agrawal, Pro-Vice-Chancellor, University of Patanjali, Haridwar,

Uttarakhand, Dr. Meera Dwivedi Professor, Dept. of Sanskrit, University of Delhi, Dr. Shashi Tiwari, President, WAVES (India) & Former Prof., Dept. of Sanskrit, MC, University of Delhi were present in the National Webinar.

The Webinar began with recital of *Manglacharan* by Bibhu Ranjaan Mohanty. **Prof. Sanjay Kumar Jha**, Director of Amity School of Liberal arts, delivered the welcome address and also addressed the attendees. He opined that in present times we have high hopes from Sanskrit which would help in shaping one's personality and character. He stated that Sanskrit has played a vital role in strengthening values in Indian society.

Hon. Vice Chancellor **Prof. P.B. Sharma** described Sanskrit as sweet language. He further emphasized the importance of education which gives birth to human qualities. He mentioned the qualities of Lord Rama. Lord Rama possessed *bal*, *vivek*, *dam* and *parhit*. He focused on the development of character, behavior and attitude in the students and not just earning marks and degrees. Vice Chancellor **Prof. Ramesh Kumar Pandey** in his talk emphasized the importance of hermitage. He highlighted the need of following high moral values in achieving one's aim in life.

Vice Chancellor **Prof. Mahavir Agrawal** stated that Sanskrit has potential to give solution to all contemporary problems faced by our society today. **Prof. Meera Dwivedi** spoke regarding ideal societal relationship. **Prof. Shashi Tiwari**, President, WAVES (India) delivered vote of thanks and spoke about Sanskrit, Sanskar and Sanskriti. The program was interesting as well as intellectual enriching. More than hundred persons participated in it with great enthusiasm.

Dr. Supriya Sanju and Dr. Aparna Dhir conducted the webinar.

### SAHITYA AKADEMI YUVA PURASKAR 2020 TO DR. RISHIRAJ PATHAK

Dr. Rishiraj Pathak, WAVES member has been awarded the 'Sahitya Akademi Yuva Puraskar 2020'. The award was presented to him for his Sanskrit poetry compilation 'Adyonmeshah'.

As a reward, he was offered a copper plate with a citation and an amount of Rs.50,000.

This award was presented to him by the President of Sahitya Akademi in Bangalore, Shri Chandrashekhar Kambar, and the famous litterateur Shri Arun Kamal.

**THE IMPORTANCE OF SCIENTIFIC INTERPRETATION OF HINDU DHARMA FOR MODERN YOUNG GENERATION**

**INTERNATIONAL SYMPOSIUM**

‘Science is engrained deeply in Sanatana Dharma’. With an aim to remind Hindus and particularly to the modern youth about the scientific nature of the *Hindu Sanatana Dharma*, Wider Association for Vedic Studies (WAVES India), Sad-vichara Manch, and Bhagirath Seva Sansthan of Ghaziabad jointly organised an international symposium on ‘*The Importance of Scientific Interpretation of Hindu Dharma for Modern Young Generation*’ on January 24, 2021. The esteemed panel of speakers from outside India, consisted of His Holiness Shri Rajrajeshwar Guruji, Founder, International Siddhashram Shakti Center, London; Professor **(Dr.) Diwakar Sukul**, CPsychol, Founder—The Kamkus Clinic, Chartered Clinical Psychologist, London; Dr. Azad Kumar Kaushik, Professor of Immunology, University of

Guelph, Canada; and Sh. Norbert Weiss, Vedic Scholar, Germany. Shri R.N. Pandeya, Dr. Chand Bharadwaj, Dr. Kamna Vimal Sharma, Dr. Aparna (Dhir) Khandelwal and Dr. Vikas Sharma represented discussants’ panel at the symposium. The symposium was moderated by Dr. Shashi Tiwari, President, WAVES India while Prof. Diwakar Sukul invited speakers and moderated the flow of the discussion with his expert’s comments.

The symposium began with the Veda-patha from Samveda (*Brihadsamhita-patha*) by Dr. Rishiraj Pathak. Dr. Shashi Tiwari narrated about the glorious journey of 25 years of WAVES India with its achievement. Shri Krishna K. Dixit sketched out the contributions of the co-organisations i.e. Sadvichara Manch and Bhagiratha Seva Sansthana in the fields of social service, education and culture.

**Dr. Azad K. Kaushik** pointed out the great disconnect of present generation with its ancestors’ India and reaffirmed the fact that Vedic civilization has given to the world—Dharma and spirituality which are related to Science. We are surviving due to our ancestors’ efforts. They knew many things which we invented in modern knowledge. Big-band theory is one of them.

**Shri Rajrajeshwar Guruji** from London talked about the ways to engage young generation. He emphasized upon the need to install *Sanskars* in childhood and thru

parents should try to guide them towards Dharma. Gita and Ramayan must be in each Hindu home. Gradually children will ask and knew about them.

**Sh. Norbert Weiss**, through daily life instances, proved the science in the various concepts and practices of Hindu Dharma. Vedic deities represent powers so they are

functional in nature. Consciousness is most valuable commodity with us so we should work for its awaking through meditation. Mantras create vibration and thus help in awaking of consciousness. He also referred to his way of teaching jyotish and dharma to the western world.

Summing up the discussion, Prof. Diwakar Sukul described the human being as ‘*Sukha-dharmi*’ so he desires happiness in his every act. Hindu Dharma gives freedom - freedom to choose any ancient scripture for understanding Hindu principles.

We have many books as basis of Dharma. In brief, he declared the plurality of thoughts, and eternity of its concepts as the reason for its being ‘Sanatana.’

While **Sh. R.N. Pandeya** refuted any scope of Hindu Dharma being unscientific in any way, Dr. Chand Bhardwaj established the connection between scientific and Dharmic theories. He said that wherever the attention goes, the divine energy flows.

Dr. Kamna Vimal underlined the correlation between Hindu and Sanatana Dharma and also pointed out its concept of plurality. Dr. Aparna (Dhir) Khandelwal questioned the rationale behind the various *upayas* as prescribed in Hindu rituals. Dr. Tiwari emphasized upon the nature of the Hindu symbolism. The symposium reached its culmination with note of thanks by Sh. Krishna K. Dixit.

**COMMENTS ON ONLINE CONFERENCE: WAVES 2020**

Many Congratulations to the WAVES International and India TEAM for successfully conducting a huge and great WAVES 2020 Conference. The Souvenir has come out very well with several abstracts from people that are interesting in various aspects of subjects. Regards to WAVES TEAM!

—Dr. Raghava Boddupalli

Wonderfully planned. It is engrossing the audience fully drenched in it.

—Dr. Chand Bhardwaj

Very good inaugural session. Heartiest congratulations to the organising team, it involves quite a good amount of hard work.

—Dr. Asha L Pandey

Fruit of hard labour and perseverance! Great team work under the leadership of Dr Shashi Tiwari ji madam and Shri Sashi Kejriwal ji Sir! Thanks to each and every member of the WAVES team!

—Dr. Soma Basu

The Keynote addresses and talks by distinguished speakers like Prof. Bal Ram Singh, Shri Raj Vedam, Dr B. R. Ramkrishna., Prof. Melukote K. Shridhar and Shri Sashi Kejriwal were a kind of Celestial Treat with elixir (Vedamrut) of Vedic Wisdom percolating from their words.

—Dr. Anand Gaikwad

Great and excellent beginning, proceedings of Waves' international conference. Feeling almost a real touch. Congratulations and Thanks to the organisers.

—Dr. Nawal Kishore Bhabhra

I was deeply impressed by the scholarly and academically rewarding presentations by Prof. David Frawley and equally authentic interjections and responses by Prof Shashi Tiwari and Prof. Anil Maheshwari, among others. The adherence to the timelines was superbly planned and faultlessly executed.

—Dr. Dayanand Parashar

Inspiring, persuasion & tactful management.

—Dr. Anand Gaikwad

Thanks to Shashi ji and team for organizing the conference so beautifully online. It has been an enjoyable experience presenting as well as chairing a session.

—Dr. Anil Maheshwari

All the topics presented were excellent and it was an honour to be a part of it. My sincere appreciation to all those who were a part of the conference. Thank you.

—Dr. Rati Hegde

Thank you for all the hard work done by the organizers—it was a very FULL event this year. Thanks so much for including me once again this year. It was extremely informative on so many levels. Jai!

—Jeffrey Armstrong

**NEW BOOKS OF DR. SHASHI TIWARI**

This work entitled '**A History of Vedic literature: Brief Survey and Study**' (2021) is an attempt to deliberate upon the general nature of the Vedas based on textual and traditional sources.

Almost all the important texts of Vedic Literature—encompassing their main contents and characteristics, are discussed here in brief keeping the

line of popular division. The basic understanding of some selective mantras and hymns of Vedic-Samhitas and Upaniṣads is initiated in a few chapters to make readers acquainted with the Vedic concepts.

Distinguishing feature of the book is the discourse in the later chapters dealing with Vedic Mythology, Religion and Ecology.

The famous Sanskrit text '**Pātañjala-Yogasūtram**' (2021) of Maharṣi Patanjali is needed to answer many questions of human life. It is generally accepted that the treatise on

Yogasutras is not easy to comprehend by learners because these Sutras comprise deep philosophical concepts that are grounded in profound scientific

basis. Patanjali's great work is recognized as the most authoritative literary contribution on Yoga. Present edition with English commentary is brought out with the intention to interpret Yoga-Sutras in a simple way for the curious readers. After going through a couple of well-known ancient and modern commentaries, the author has followed the original commentary of Vyāsa as the main source.

## DIALOGUE MEETING ON AYURVEDIC REJUVENATION

Wider Association for Vedic Studies (WAVES), with Bhagirath Seva Sansthan and Sadvichara Manch of Ghaziabad jointly organised-A Dialogue Meeting on Ayurvedic Rejuvenation on line on 13 Feb 2021. In which decoding Vedic Wisdom was done by Dr. Diwakar Sukul, CPsychol- Founder Kamkus Clinic, London and by Pandit Akhil Shukla, Ayurvedic Scientist/ Founder Mahakal Ayurveda, Vedic philosopher and researcher of Ayurveda.

The research on Ayurveda has revealed deeply hidden secrets of Ayurveda, including herbs and *Rasyans* for rejuvenation.

Pandit Shukla shared his in-depth knowledge of Ayurveda to maintain good health and vitality in a conversation with Dr Diwakar Sukul.

## SPECIAL LECTURE ON IMPORTANCE OF RIGVEDA

Professor Nicholas Kazanas 'Padma Shri', Director, Omilos Meleton, Cultural Institute, Athens, Greece delivered a special lecture on the topic, 'Importance of Rigveda' in WAVES on 14 March 2021. He emphasized in the introduction, "The importance of the *Rigveda* is first of all national, relating to India itself and then universal, relating to all humans.

The RV samhitā tells us a lot about the origin and nature of the ancient Bhāratas. Moreover, all Indian culture, philosophical and religious traditions stem from the RV. Then it tells us a lot about the nature and aspirations of the human being."

The session was chaired by great Vedic scholar, Dr. Michel Danino.

**A BRIEF INTRODUCTION OF WAVES  
& ITS BANGALORE CHAPTER**

**WAVES (Wider Association for Vedic Studies (Regd.))**, formerly known as “World Association for Vedic Studies (WAVES), India Branch”, is a forum for all scholarly activities and views on any area of ‘Vedic Studies’ variously called Indian Studies, South Asian Studies or Indology. WAVES is not confined to study related to Vedas alone or to India alone. It encompasses all that applies to traditions commonly called Vedic tradition. Today, Vedic traditions are not confined to Indian subcontinent but have spread virtually to all parts of the globe, through persons of Indian origin and through scholars and admirers of these traditions. For several centuries Vedic people in India made significant contributions in various academic fields—science, literature, culture, technology, etc. For most of the world, these contributions are unknown, unrecognized, and sometimes rather distorted. There is a need, particularly among scholars to work for the proper understanding and appreciation of such religious, cultural and other contributions. Therefore WAVES is relevant today. This organization was established at Atlanta, USA in 1996 by a group of academics interested in Vedic knowledge under the chairman-ship of Prof. Bhu Dev Sharma. The general purposes for which the Society

**WAVES CHAPTERS**

is formed are as follows: To promote Vedic and ancient Indian studies in all its forms and in all countries; To conduct multi-disciplinary activities for research and study of Vedic traditions; To support researches and studies in various Vedic sub-specialties, Sanskrit, other Indian languages and contemporary works; To encourage research in developing all aspects of Vedic and ancient Indian traditions; and To promote universal, intellectual, ethical traditions enshrined in Vedas and other works of ancient Indian origin. WAVES-India has published eight volumes of edited and selected papers of its National conferences which are edited by Dr. Shashi Tiwari, President, WAVES. The books are published from Pratibha Prakashan, Delhi and are available in market.

WAVES’s head office is in Delhi, while its four Chapters are working in Bangalore, Jodhpur and Bikaner, Lucknow, and Haridwar. Among them Bangalore chapter is most active with academic and cultural activities. Its governing Body works as a team under the able president-ship of Dr. C.L Prabhakar. Bangalore chapter is publishing a journal named ‘Vega Ganga’ annually jointly with another organization named Nada Veda Adhyayana Kendra.
